The entered diving lists can also be converted into a PDF and printed. Each club has to present the signed DSV-Form 300 and 301 – both can be automatically generated and printed. Every online entry will be automatically confirmed. Dive changes will only be accepted handed in on Form 306 together with the name and the number of the competition one hour before the start of the respective session. Any changes handed in later will not be accepted. Dive changes can only be made online until **24.06.2022**. All German participants have to register only once. They will be automatically considered in the international scoring.

All entries must be received by **10.06.2022** in the web portal. The complete entry lists and the detailed schedule will be exclusively sent by email and published on the website WinSpriMeld-Web-Portal for download. Late entries for synchronised divers (springboard and platform) may be handed in on location until one hour before competition start. After that no further entries will be accepted.
